## **5. FIRE FIGHTING MEASURES/FIRE AND EXPLOSION HAZARD DATA**

|                               |                |
|-------------------------------|----------------|
| <b>Explosive Properties</b>   | Not Applicable |
| <b>Flash Point</b>            | Not Applicable |
| <b>Fire Fighting Measures</b> | Not Applicable |

## **6. ACCIDENTAL RELEASE MEASURES**

|                           |                                                         |
|---------------------------|---------------------------------------------------------|
| <b>Spillage Measures:</b> | Scrape up and dispose of according to local regulations |
|---------------------------|---------------------------------------------------------|

## **7. HANDLING AND STORAGE**

|                  |                                                                         |
|------------------|-------------------------------------------------------------------------|
| <b>Handling:</b> | No special handling required                                            |
| <b>Storage:</b>  | Store in suitable airtight containers avoiding extremes of temperature. |

## **8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

|                                  |                                                                                                                                                                       |
|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Respiratory Protection:</b>   | Not necessary under normal use conditions                                                                                                                             |
| <b>Hand/Eye/Skin Protection:</b> | Although no special precautions are essential, in line with Good Manufacturing practice it is recommended that proprietary gloves, goggles and overalls are utilised. |

## **9. PHYSICAL AND CHEMICAL PROPERTIES**

|                                 |                   |
|---------------------------------|-------------------|
| <b>Appearance:</b>              | Waxy Balm         |
| <b>Odour:</b>                   | To Match Standard |
| <b>Colour:</b>                  | To Match Standard |
| <b>Specific Gravity @ 20°C:</b> | 0.875 – 0.925     |
| <b>Viscosity @ 20°C</b>         | N/A               |
| <b>pH @ 20°C</b>                | N/A               |
| <b>Microbiology</b>             | N/A               |

## **10. STABILITY AND REACTIVITY**

|                                          |                                |
|------------------------------------------|--------------------------------|
| <b>Stability:</b>                        | Stable under normal conditions |
| <b>Conditions to Avoid:</b>              | Extreme temperatures           |
| <b>Materials to Avoid:</b>               | None Known                     |
| <b>Hazardous Decomposition Products:</b> | None Known                     |

#### **11. TOXICOLOGICAL INFORMATION**

**General:** No Toxicological data available. Product has not been tested.

#### **12. ECOLOGICAL INFORMATION**

**General:** No Ecological data available.

#### **13. DISPOSAL CONSIDERATIONS**

**General:** Dispose of in accordance with local authority regulations.

#### **14. TRANSPORT INFORMATION**

**General:** This product is not classified as hazardous for transportation.

#### **15. REGULATORY INFORMATION**

Subject to Cosmetics Regulation 1223/2009

#### **16. OTHER INFORMATION**

**AS THERE IS NO LEGAL REQUIREMENT TO PRODUCE AN MSDS FOR FINISHED COSMETIC PRODUCT THE ABOVE IS INTENDED TO BE A GUIDELINE ONLY.**
